Press release

Boskalis publishes its Annual Report 2008

Papendrecht, April 15, 2009

Boskalis has published its 2008 Annual Report in English and Dutch. For the first time the Annual Report is only available online. It has been published electronically to reduce the environmental impact associated with printing, conserve resources and save costs.

An Annual Review, a shortened version of the Annual Report, has been printed and is available on request in English and Dutch.

All reports can be read or downloaded from Boskalis' public website at www.boskalis.com.

Royal Boskalis Westminster N.V. is a leading global services provider operating in the dredging, maritime infrastructure and maritime services sectors. We provide creative and innovative all-round solutions to infrastructural challenges in the maritime, coastal and delta regions of the world including the construction and maintenance of ports and waterways, land reclamation, coastal defense and riverbank protection. The company holds important home market positions in and outside of Europe and targets all market segments in the dredging industry. It also has positions in strategic partnerships in the Middle East (Archirodon) and in offshore services (Lamnalco). Boskalis has a versatile fleet of over 300 units and operates in over 50 countries across five continents. Including its share in partnerships, Boskalis has approximately 10,000 employees.
