

# EQUIPMENT SHEET

## OVERVIEW

### DREDGERS

	<b>Trailing suction hopper dredgers</b> Capacity > 6,000 m <sup>3</sup> Capacity ≤ 6,000 m <sup>3</sup>	<b>19</b> 9 10
	<b>Cutter suction dredgers</b> Capacity > 12,000 kW Capacity ≤ 12,000 kW	<b>10</b> 4 6
	<b>Backhoes</b> Bucket capacity from 1.4 to 33 m <sup>3</sup>	<b>18</b>
	<b>Floating grab cranes</b> Grab capacity from 1.2 to 9.2 m <sup>3</sup>	<b>10</b>
	<b>Other dredging equipment</b> bucket dredger, environmental disc cutter, barge unloading dredgers, suction dredgers, stone placing vessels	<b>22</b>

### OFFSHORE VESSELS

	<b>Heavy transport vessels (semi-submersible)</b> Capacity up to 110,000 tons	<b>11</b>
	<b>Heavy lift vessels</b> Capacity from 500 to 3,000 tons	<b>3</b>
	<b>Fallpipe vessels</b> Capacity from 17,000 to 24,000 tons	<b>3</b>
	<b>Diving support vessels</b> Air and saturation diving support, ROV services	<b>6</b>
	<b>Cable-laying vessels</b>	<b>3</b>
	<b>Floating sheerlegs cranes</b> Capacity from 400 to 5,000 tons	<b>5</b>
	<b>Survey vessels</b>	<b>16</b>

### OCEANGOING TUGS AND ANCHOR HANDLING TUGS

	<b>Oceangoing tugs and offshore construction vessels</b> From 205 to 403 ton bollard pull	<b>8</b>
	<b>Anchor Handling Tugs</b> From 70 to 205 ton bollard pull	<b>17</b>

### BARGES AND PONTOONS

	<b>Hopper barges</b> Capacity from 50 to 3,800 m <sup>3</sup>	<b>61</b>
	<b>Oceangoing flat top barges (semi-submersible)</b> Capacity 21,000 tons	<b>3</b>
	<b>Oceangoing flat top barges/pontoons</b> Capacity from 1,000 to 14,000 tons	<b>38</b>
	<b>Inland barges</b> Capacity from 100 to 2,000 tons	<b>33</b>

### VESSELS TOWAGE JOINT VENTURES

**211**

### LAUNCHES, WORK/SUPPLY VESSELS

**89**

### VARIOUS/OTHER FLOATING EQUIPMENT

**79**

The numbers listed above include the vessels under construction and vessels and floating equipment of the (non-controlled) associated companies. In addition to the equipment shown here, the group also owns a range of auxiliary equipment such as floating pipelines, winches, pumps, draglines, hydraulic excavators, wheel loaders, dumpers, bulldozers, mobile cranes, crawler drill rigs, sand pillars, filling installations for shore protection, mattresses, fixed land pipelines and a wide variety of salvage equipment, such as fire-fighting, diving and anti-pollution equipment.
